

Out of Order

The Holy Days and God's Plan

On the following two pages you will find several passages of scripture from Leviticus 23. These outline each of God's Holy Days. However, there is a problem! You see, the passages are not in the right order, they are missing some words, they don't have any Holy Day headings, and they are missing the scripture references! Your task is to put things right — and the following instructions explain how to do this.

Instructions

For each passage of scripture you need to: -

- (1) Fill in the missing word/s (each dash equals one letter).
- (2) Fill in the box in the top left hand corner with the correct Holy Day.
- (3) Fill in the box in the bottom right hand corner with the missing scripture reference(s) from Leviticus 23.

Then you need to rearrange the passages in the right order. You can do this by numbering them from 1 to 7 — **OR** by cutting out the passages and gluing them to a separate piece of paper in the right order.

As you are going to use your Bible with this activity you should know that our scripture texts have been taken from the *International Children's Bible, New Century Version*, but you can find the information you need in any version of the Bible. A "**Word Bank**" with the missing information is also included on the last page of this activity if you need any help. (But be warned, it's not in the right order either!)
