

TIME-LINE

Luke Sets the Scene — Luke 1:1-55

The purpose of this activity is to create a **TIME-LINE** of Christ's life. Writing down when things happened biblically and historically will reinforce your learning and help to solidify this information in your mind. This **TIME-LINE** can be used for each of the following Teen Lessons about the Life of Christ.

Instructions

Using the attached time-line, plot the Life of Christ using information from the Lesson. Write down scriptures to back up your information and note down any historical facts alongside it.

For example: write down **Luke 1:5-25** under the time-line in the area of Biblical Evidence. Underneath the scripture note that Zechariah served in the temple in the priestly division of Abijah and that Elizabeth fell pregnant shortly afterwards. In the section for Historical Evidence, write down **1 Chronicles 24:1-19**, which explains that all of the priests were divided into 24 divisions or groups, and that the Abijah division was the 8th.
